This Miscellaneous Report responds to the Reports Analysis Divisions April 11, 2017, letter, and accompanies the Committees filing of amended Pre-General, Post-General, and Year-End Reports. With respect to Item #1 of that letter, the referenced discrepancy was due to a software error-- while using FEC File to comply with FEC reporting requirements, the softwares calculation feature appeared to have malfunctioned because multiple reports were open at the same time. As to Item #2, the committee has amended several dates of dissemination or disbursement--the original dates were typos resulting from clerical errors.
